

### Dr. Hauschka

Dr. Hauschka, natural skincare specialists, have teamed up with 21st Century Leaders, a unique charity project that gathers together artwork from a number of high profile ambassadors. The artwork is then used on items that are sold to raise money for the ambassadors' chosen charities. Dr. Hauschka has used the artwork of Minnie Driver and Shakira Caine to create two Beauty Boxes containing a selection of travel-sized skincare products. The boxes are priced £25.00, of which £4.00 will go to charity. Call 01386 792 622 for details or visit [www.drhauschka.co.uk](http://www.drhauschka.co.uk).

"As well as my day job I am also an environmentalist and set up Little Satsuma for myself. My friends and my clients, we wanted to establish a 'one stop shop' for people looking for natural products that are not often widely available in any one place or easy to find!"
