

I'm from Merseyside, Mum met the Beatles, I've a picture of her in the newspaper pictured watching them in the Cavern. I had a stint working at MerseyTV – home of a few scouse soaps, oh and I make soap. So that's where the idea came from – try it for yourself.....it's handmade on Merseyside.

I hope you enjoy our soap. It is 100% natural, free from Lanolin, not tested on animals and suitable for even the most sensitive of skins.

It is the only Palm oil-free soap range in the UK so far and gives a 10p donation to the Orangutan Foundation for every bar sold. (Palm Oil plantations are destroying the Orangutan's habitat)

It is made of Olive Oil, Sunflower Oil and Coconut Oils with a helping of Shea Butter to moisturise the skin. Each soap is unique and contains essential oils or other natural ingredients such as ground rose hips or ground oats for exfoliation!
